A Skill-Building Workshop for Families of Children with Special Needs

Let's Get Organized!

Presented by: Family TIES of Massachusetts

Monday February 8, 2010

6:30-8:30pm

Clyde Brown School; Park Road, Millis MA

- Are you feeling overwhelmed by the volume of records that you need to keep for your child?
- Do you need to develop a method of organizing all of the information you collect about your child's special needs?
- Would you like to learn a way to effectively manage medical and educational paperwork?
- We will provide you with tools to put together a "system in a notebook" and share organizing and problem-solving tips.

Children do not come with instructions and neither do the challenges you face when you are raising a child with a disability. This workshop will help parents identify their own strengths and successes as well as give concrete written material to families as they continue to strengthen their skills.

Family TIES is a statewide information and support network for families of children with special needs and/or chronic illness: www.massfamilyties.org

Family TIES is a project at the Federation for Children with Special Needs, funded by the Massachusetts Department of Public Health, Bureau of Family and Community Health, Division for Special Health Needs.

The Charles River Community Partnership for Children is sponsored by a grant from the Massachusetts Department of Early Education and Care.

PRE-REGISTRATION REQUIRED AS SPACE IS LIMITED.
